

SREE SANKARA COLLEGE, KILIMANOOR

LABORATORY RULES

- All students are directed to be involved in lab work in the most disciplined fashion.
- Students should maintain silence inside the lab and should adhere to the instructions from teachers.
- All the equipment should be handled with utmost care and responsibility and no equipment should be displaced from its original place. Make sure that the equipment once taken from their original place is replaced soon after finishing the experiment.
- Wear protective measures (lab coat/ goggles/gloves) inside chemistry lab.
- Any equipment/apparatus broken out of carelessness will be fined from the students itself.
- Usage of tools or chemicals outside the lab is strictly prohibited and is punishable.
- Don't take any kind of lab items outside the lab without the permission of teacher concerned.
- Items other than lab manual, records and other essentials are not allowed inside the laboratory.
- No food/drinks are allowed inside the laboratory.
- Strict action will be taken if any item found missing in the lab.
- Girls should tie their hair before entering the lab.
